

Thursday night track results for May 25, 2006

Our 2006 spring series of Thursday Night Racing came to a close last night. Seven weeks of racing (plus two rainouts), 100 different racers, and 218 entries equates to roughly a \$2K track donation. Thank you once again for making this series a success through your attendance, great attitude and inspiring racing.

Friday Night racing starts June 2. The World Deaf Cycling Championships (38 riders from 11 countriesâ€<http://www.usdeafsports.org/2006cycling/index.html>) will hold their match sprint (June 19) and points race (June 22) plus there will be opportunities for other groups to race (3/4/M50+ on Monday night, 1/2/3/Pro on Thursday night). Oh, and the June 22 40km points race has a \$1000 cash payout to the top ten places. Please plan to show up and race and/ or watch.

We will start up Thursday Night racing again August 31 through September 28 (possible break for Districts). If you have ideas for improving this series, including races specifically for juniors or women please let me hear from you.

andâ€¢ Thank you Jen Coler for providing the brownie primes last night. They were a hit!

A Group Results- 18 starters, 72 laps in 34:50 for a 26.1mph average

Highlight- I had so much fun watching this competitive race. In the first 24 laps we had half the field on the scoreboard and a close race. Billy Innes and Patrick Dunaway opened it up and took a lap on the field to earn an additional 20 points. That was only half the story as a group of four was now off the front and collecting points. If they had gained a lap it would have been even closer on the scoring but Billy and Patrick went to the front and brought the group back.

1st - 48 points- Billy Innes (Lombardi Sports)- 4 victories and a lap

2nd - 42 points- Patrick Dunaway (Cal/ Giant)-3 victories and a lap

3rd- 23 points- Richard Del Valle (Club One)- 3 victories

4th - 16 points- Erik Balfus (X-Men)- 1 victory

5th - 15 points- Rob Evans (RHVilla)

6th - 6 points- Steve Pelaez (Lombardi Sports)

B Group Results- 13 starters, 72 laps in 40:20 for a 22.4mph average

Highlight- how exciting to watch a 14 year old National Champion, a 40 year old master and the Stockton Crit women's™ winner sprinting for points. Of course, ten other competitors

provided the setting for Daniel Tisdell, David Anthony and Shelly Olds to strut their stuff. David and Daniel took a lap on the field after collecting some valuable points while Shelley took her lap the hard wayâ€ solo!

1st - 62 points- David Anthony (EMC2/ Vellum)- 5 victories and 2 laps
2nd - 49 points- Daniel Tisdell (LGBRC)- 3 victories and 2 laps
3rd- 42 points- Shelley Olds (Proman/ Paradigm)- 1 victory

C Group Results- 8 starters, 66 laps in 38:00 for a 21.7mph average

Highlight- Ya just gotta love it when a rider comes up, says that they did their Saturday requirements and that theyâ€™re ready to race â€“ and wins! Thatâ€™s what Sergio Jimenez did after his long commute from Merced with his teammate Eugene. Sergio took 5 sprints and 3 brownie primes but was nice enough to share them with his competitors.

1st - 45 points- Sergio Jimenez (Stanislaus/ Merlock Velo)- 5 victories
2nd - 36 points- Gene Regan (LGBRC)- 4 victories
3rd- 13 points- Scott Regan (FFBC)- 1 victory
4th - 11 points- Sam Campbell (Pen Velo)
5th - -6 points- Bill Fallis (Pen Velo)
6th - -39 points- Matt Johnson (The Commuters)
Also- Eugene Hart (Stanislaus/ Merlock Velo), and Larry Rosa (Roaring Mouse)
